Premium monitors & accessories for
any budget.

4K Monitors - 27" & 28"

Ideal for: streaming, surfing, gaming & video editing. Featuring HDMI, DisplayPort and/or USB-C these 3840 x 2160 pixel high-resolution screens deliver beautiful, crisp images with true colours.

*Ideal for
Home Use*

Ultrawide Monitors - 34"

Ideal for: multitasking, gaming, studying, streaming. With a 21:9 aspect ratio and 3440 x 1440 Ultra HD resolution, these monitors are almost twice the width of a standard monitor the same height, meaning you can have two windows open and visible at the same time.

Curved Gaming Monitors - 24" to 32"

Ideal for: immersive gaming. These 1920 x 1080 pixel Full HD 15R curved screens put you right in the centre of the action, whatever game you're playing. Thanks to a 165Hz refresh rate and 5ms response time, you get lag-free, crisp HDR images, smooth gameplay and fantastic colours using the latest HDMI and DisplayPort connections.

Home & Office Monitors - 22" to 32"

Ideal for: all-round use, streaming, surfing, studying, working & video calls/ chat. With the latest IPS panels that provide crisp clear images at any angle, these are the workhorses or the piXL range. They're reliable, easy-to-use and, thanks to their frameless designs, look great on their own or in a multi-monitor setup.

MARVO

Whether you're a seasoned pro or a relative novice, Marvo Scorpion gaming gear gives you all the high-performance features you want at prices that won't break the bank. Choose from individual products to some of the best-performing gaming bundles around.

Gaming Kits

If you've got a new gaming rig or just want a change from your current setup, Marvo 3-in-1 and 4-in-1 gaming kits are amazing value and contain all the essentials you need, featuring all the bells-and-whistles, in a single box.

*Ideal for
Novice
Gamers*

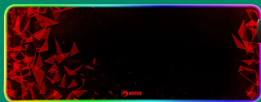

Gaming Keyboards

Everyone's got their preferred style, which is why Marvo Scorpion gaming keyboards are a must - featuring the latest technologies, they're available with the latest mechanical switches or soft and silent membrane keys, in full size, multimedia or compact keyboards layouts.

Gaming Mice & Headsets

Precision is key no matter what gaming your battling with - featuring gaming-grade optical sensors, programmable buttons and a comfortable grip, Marvo mice will raise your game and give you the confidence to take that shot before your competition!

Accessories

For an added slice of style, choose from the Marvo Scorpion range of gaming backpacks (with integrated USB port for charging devices and extra padding to keep your laptop safe) and small to XL gaming surfaces (complete with RGB lighting and integrated USB ports!).

Laptops

Chromebooks

Great value laptops based on Google's own Chrome operating system, which is very similar to Android. Perfect for general Internet browsing, watching streaming sites and keeping in touch with friends and family via video calls.

For the Family

Fantastic all-rounders, these selected laptops will help your family to do everything from studying and working, to streaming, browsing and online gaming. One laptop for everyone in the household to use. Now that's value for money!

For Studying

Whether you're at school, college, university or night-school, these laptops are powerful and equipped with the latest technology so you can spend more time learning and less time waiting for programs to boot up.

Upgrade your System with

Superfast Storage - NVMe M.2 & SATA SSDs up to 4TB

High-Performance, Reliable DDR4 & DDR5 Gaming Memory

Portable Storage - USB Pen Drives SD Flash Cards & Portable SSDs

Custom PCs

With our unique PC builder configurator, we'll help you design your perfect PC. Whether it's a gaming behemoth, a discreet powerhouse for your office or a computer for the whole family to use, we can help. All our Custom PCs are handmade and tested and come with a 3 year warranty as standard.

Gaming PCs - depending on what your favourite games are, you're going to need a PC that not only keeps up, but will be good for the titles of the future. Let us know what you're playing and we'll help you design the perfect gaming PC to do just that, complete with the gaming monitors and accessories you need to make the most of your new setup.

Your Own
Peripherals

Creator PCs - if you're a content creator, video editor or photography enthusiast, you'll need processing power over everything else. We'll help you design a PC capable of editing like a pro, with no interruptions from lag or freezing, future-proofed so you can upgrade as 4K moves to 8K and beyond.

Home PCs - we can also help you to design a PC that will work for the whole family, whether it's for schoolwork, working-from-home, streaming or working out the family finances. If you're short on space, we can design discreet computers that fit on the back of a monitor, without giving up any efficiency or power.
